_____

## SUMMARY

After a long career as an experienced and dedicated English lecturer in which I have demonstrated outstanding proficiency as an English teacher in colleges, high schools, and elementary schools for over ten years in both formal and informal education, I have resolved on making a career change, studying Programming. I hold a Master's Degree and a Bachelor's Degree (Hons) in English Linguistics, and I am now seeking a Full Stack Developer position.

## COURSES and EDUCATION

**Mar. 2022- Sep. 2022**: **Full Stack Developer** Bootcamp-Appleseeds, Intensive 6-months, 720 hours training program that encourages self-led learning and group projects that simulate real-world development teams. Learning and applying front-end skills such as HTML, CSS, JavaScript, React and back-end skills such as Node.js and MongoDB database and working with **GIT**.

- **Mid Project**:  The project depicts a textbook store that was built as part of my dream to sell English textbooks for kids to improve their English-speaking skills and currently constitutes the basis for upcoming English workbooks.
  Technologies used: **HTML, CSS , React**, Demo Code
- **Final Project:** This project is all about food. Since everyone love food and me specifically, I have decided to have this site for all food fans in which they can talk and share their knowledge of food.
  Technologies used: **HTML, CSS , React, Node.js, Express, MongoDB**, socket.io, MUI, Final Project

**2017- 2020**:  **Master's Degree in English linguistics, Ben Gurion University of the Negev.**
**2010-2011:**  Teaching Certificate in English, Ben Gurion University of the Negev.
**2007-2010:**  Bachelor's Degree in English Linguistics and Education, Ben Gurion University of the Negev. **\*Graduation with honors**

## EMPLOYMENT

**2022-present:** Working on different personal projects + self-learning

**2019-2021:** A lecturer for Advanced courses 1 and 2 at a local college and an experienced teacher for the English 5 points Bagrut examination - specializing in Matriculation examinations in high school and planning and leading projects in junior high.

**2011- 2020:** Owned a thriving business teaching English and Mathematics to students of all levels and ages.

## TECHNOLOGICAL KNOWLEDGE

- HTML, CSS, JavaScript, React, TS
- Node.js, MongoDB
- C, C++(self-learning)
- GIT

## NATIONAL SERVICE

**2005- 2007: Beilinson Hospital, Petah Tikva, Israel**

Performed various administrative tasks involving teamwork, multi-tasking, and initiative thinking, including managing files and responsibility for general office duties.
